

Youth-Led Program | School Partnership for Art and Civic Engagement (SPACE)

*Saturday June 6
11am- 1pm
South Side Sanctuary
4702 S King Dr*

At this off-site workshop, SPACE artist-in-residence Delisha McKinney explores community, collaboration, and creative expression inspired by her creative practice and work with students from Hyde Park Academy High School. Through poster-making and postcard design activities, participants will collaboratively imagine the kinds of spaces, programs, and experiences they want schools to offer.
